

UMEDEX PROCEDURE

Website: <https://oasis.umedex.com>

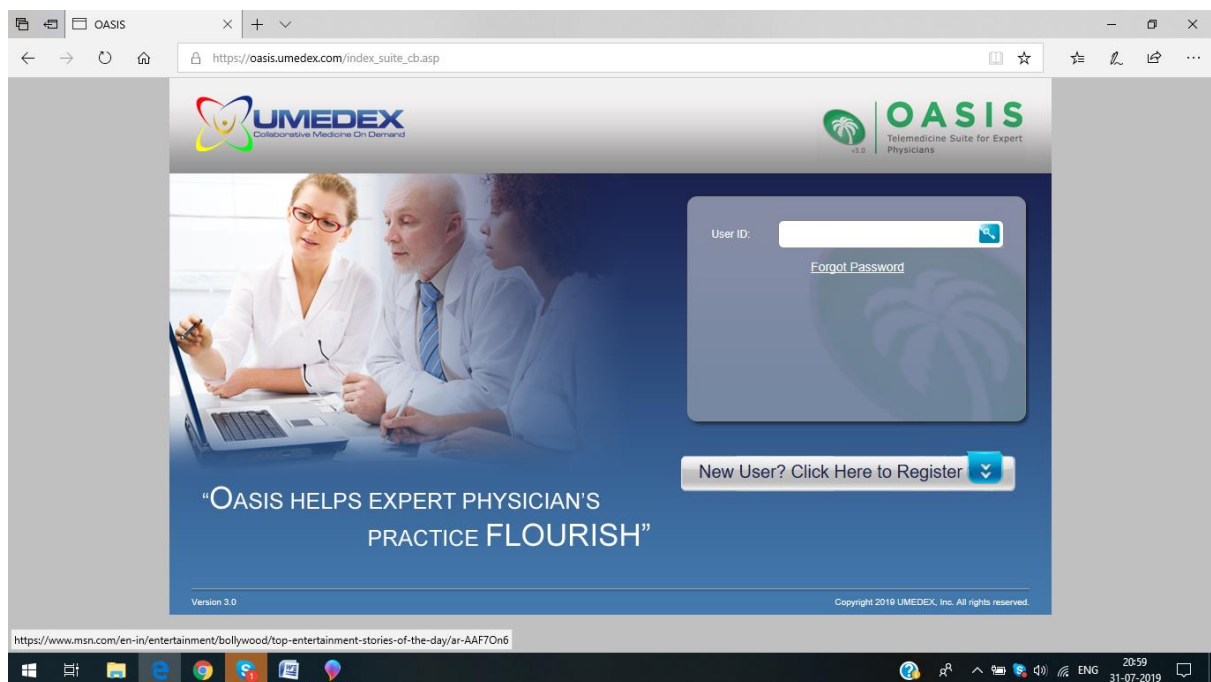

username: **nimam**

password: **Bk1234**

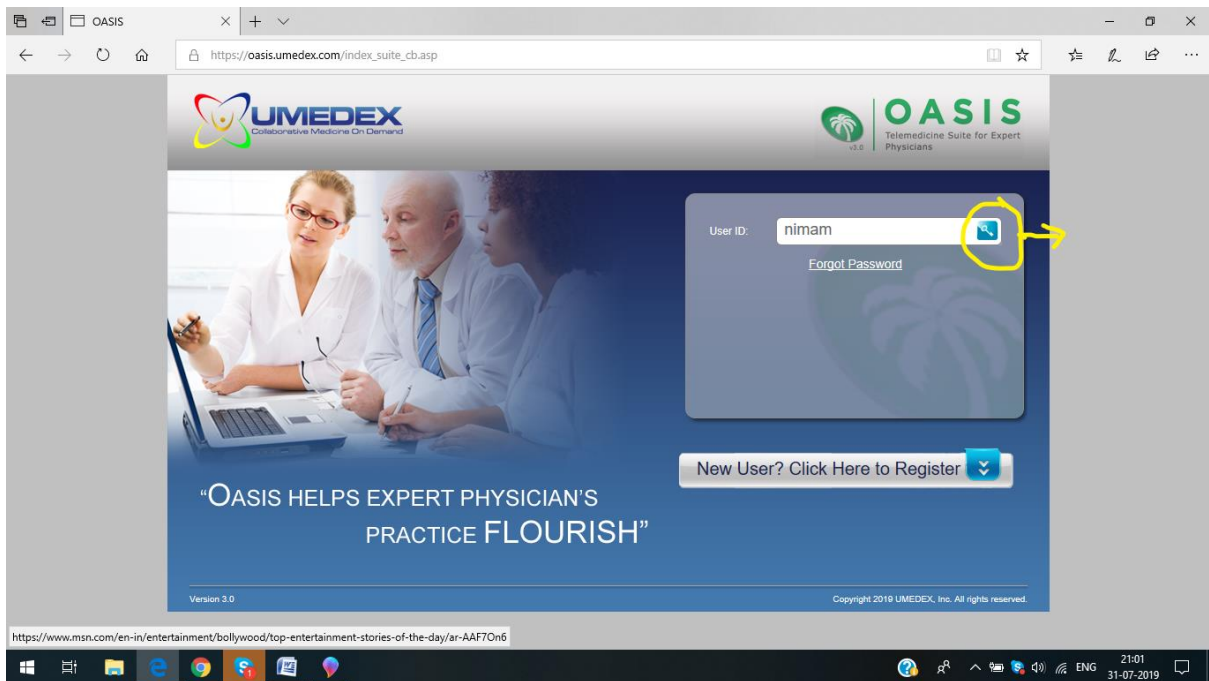

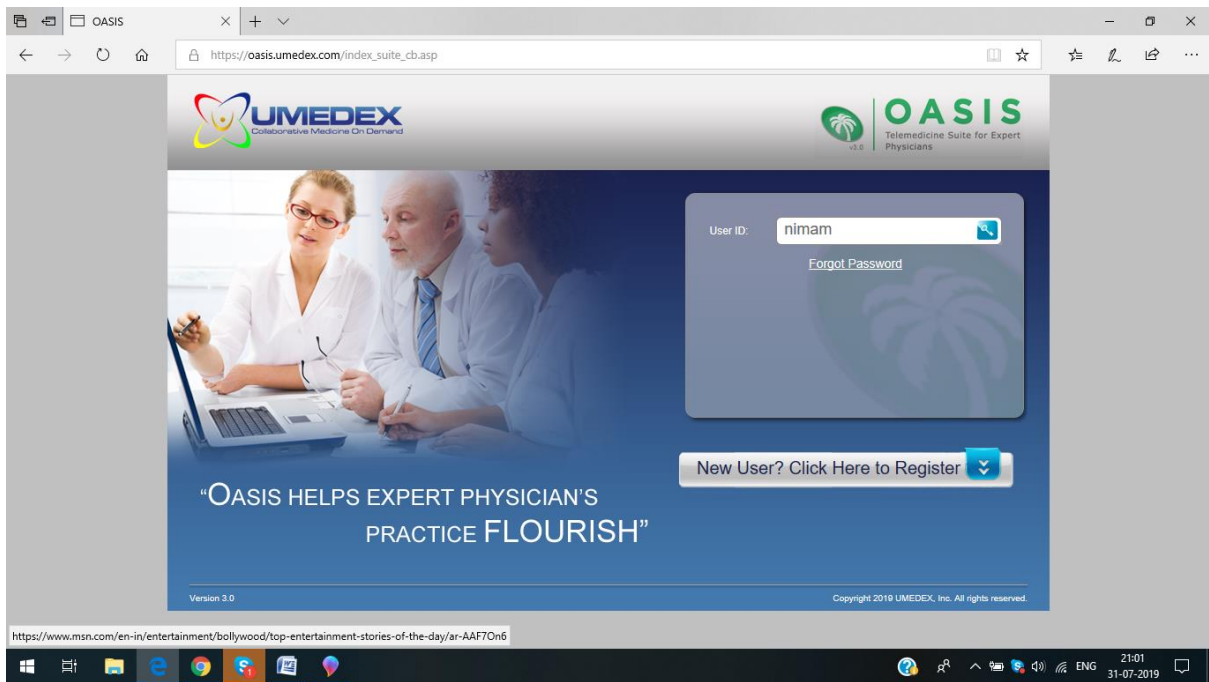

Note: Note: **Umedex and stat portable** websites are **same**. Just **login**
credentials are different and should open in **internet explorer only**.

1. First open internet explorer.
2. Open the umedex website in internet explorer.

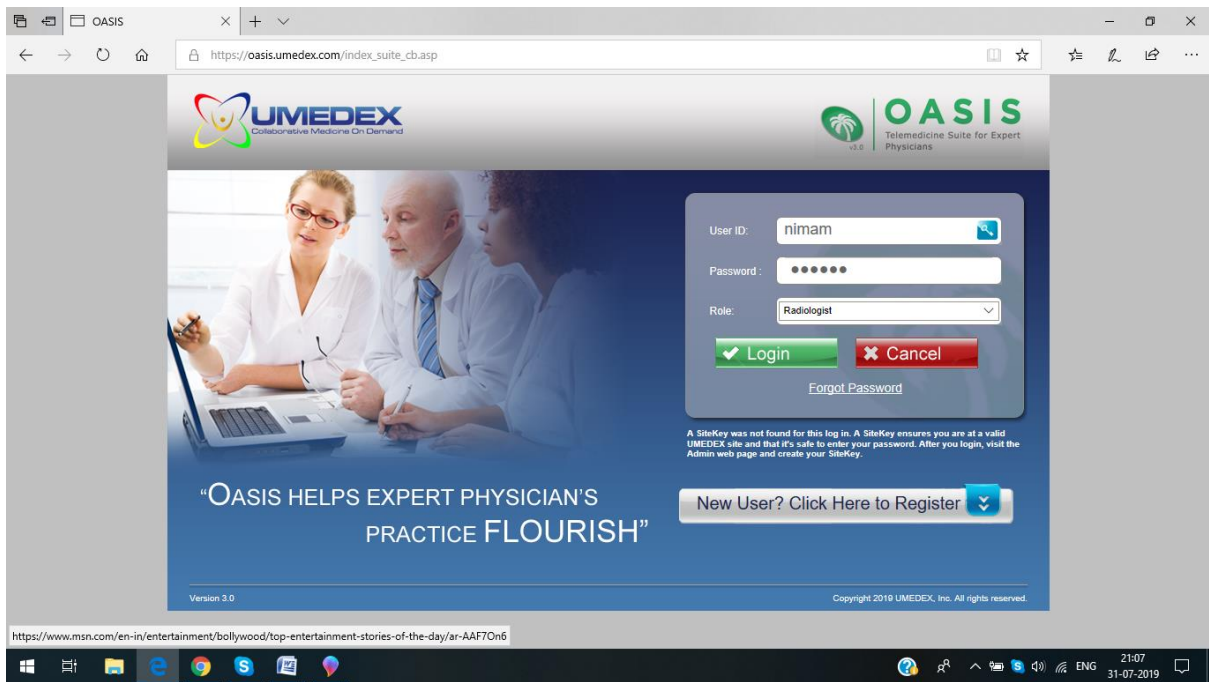

Umedex website:

3. Login with appropriate username and password.

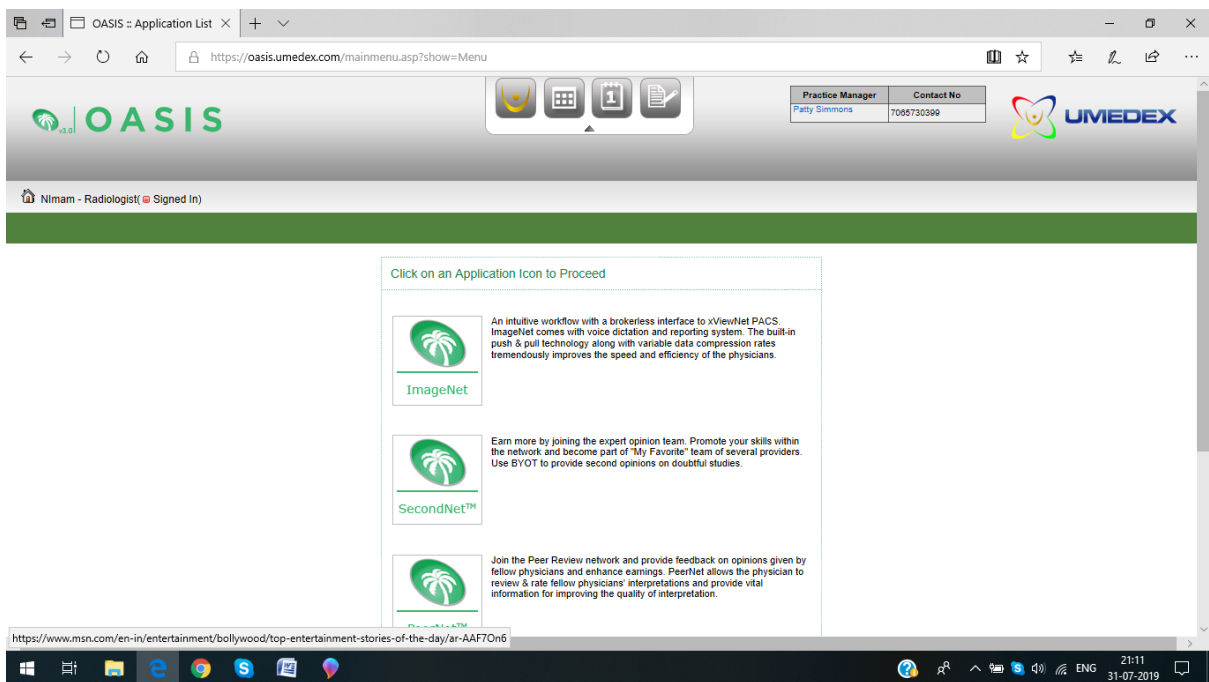

Username: **nimam** – NEXT - Click on the **Key symbol**

Password: **Bk1234** - NEXT - Click on **LOGIN**.

Close the POP-up – **User profile Webpage Dialogue**

Next – Click on “**Image Net**” (An intuitive workflow with a brokerless interface to xViewNet PACS.)

UMEDX WORKLIST

The screenshot shows the OASIS Worklist interface. At the top, there's a header with the OASIS logo and a user profile for Nimam - Radiologist (Signed In). Below the header is a navigation bar with buttons for Scheduling, Search, Worklist, Approve Report, Report, Discrepancy, Problem Study, Second Opinion, Corrections, and Admin. The Worklist button is highlighted. Below the navigation bar, there's a section for Split Worklist and a Refresh button set to 3 Minutes. The main area displays a table of medical exams with columns for xView, Req. Time, View Info, Voice Report, Add Report, Health, Patient Name, Date, Accession, Modality, Body Part, Physician, Status, Sex, ID, Final Time, Faxed, Facility, Discussion, and Consultation. The table lists several exams, including ones for DIAZ BUENROSTRO CECILIA, REID ODESSA, and GUTIERREZ MARIA.

- ❖ The **BLACK color** cases are called **ADDENDUM cases**, which we have to do addendums.
- ❖ The **PINK color** cases are called **REVIEW cases (second opinion cases)**. We have to open images and report and show to doctor for review.
- ❖ The **BLUE color** cases are called **current cases**, which we have to work with Imam sir.

To open the case – Double click on **magnifier** Symbol Icon (view image column).

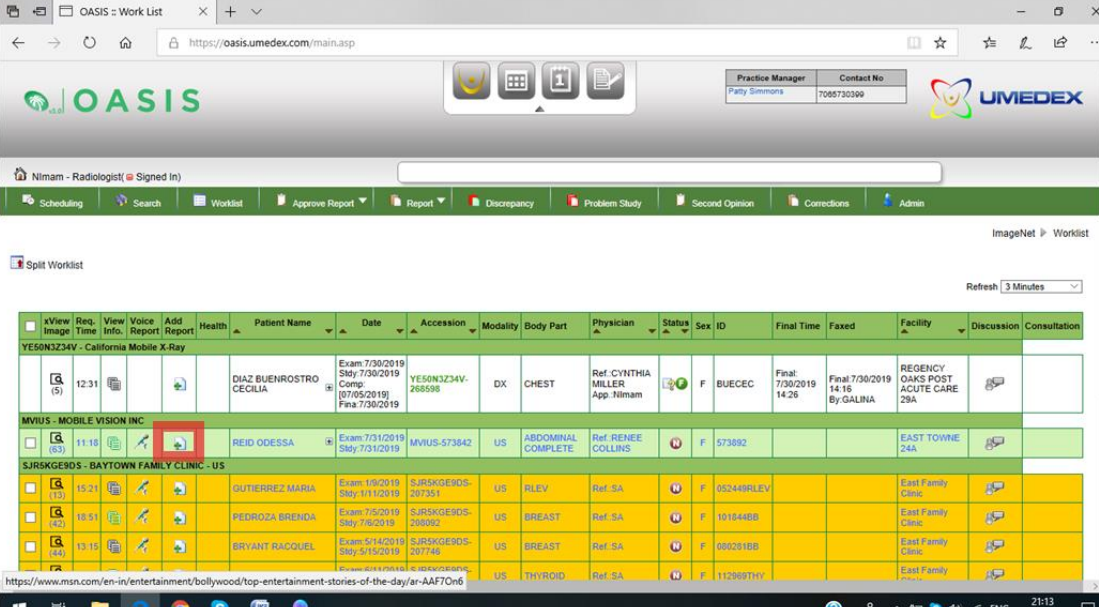

Once u click on that (**magnifier** Symbol Icon), **images** (umedex image viewer) get open on upper monitor.

The screenshot shows the OASIS Work List application interface. At the top, there's a navigation bar with icons for Home, Search, and other functions. Below the navigation bar is a table of medical cases. The table has columns for various fields including Patient Name, Date, Accession, Modality, Body Part, Physician, Status, Sex, ID, Final Time, Faxed, Facility, Discussion, and Consultation. The 'Image' column contains magnifier icons. One magnifier icon is highlighted with a red box, indicating it should be double-clicked to open the image viewer.

After opening the report – Follow the 7 steps.

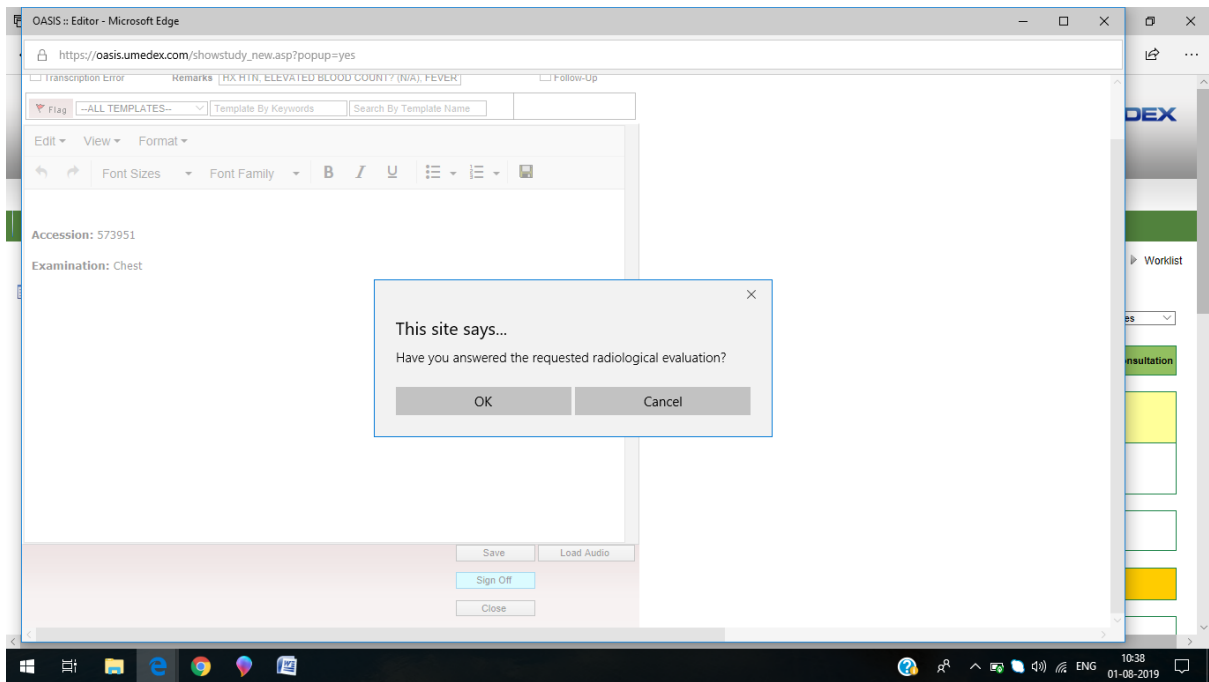

Please check for History, number of views, DOB, and comparison.

For History see “Study Information –Indication “

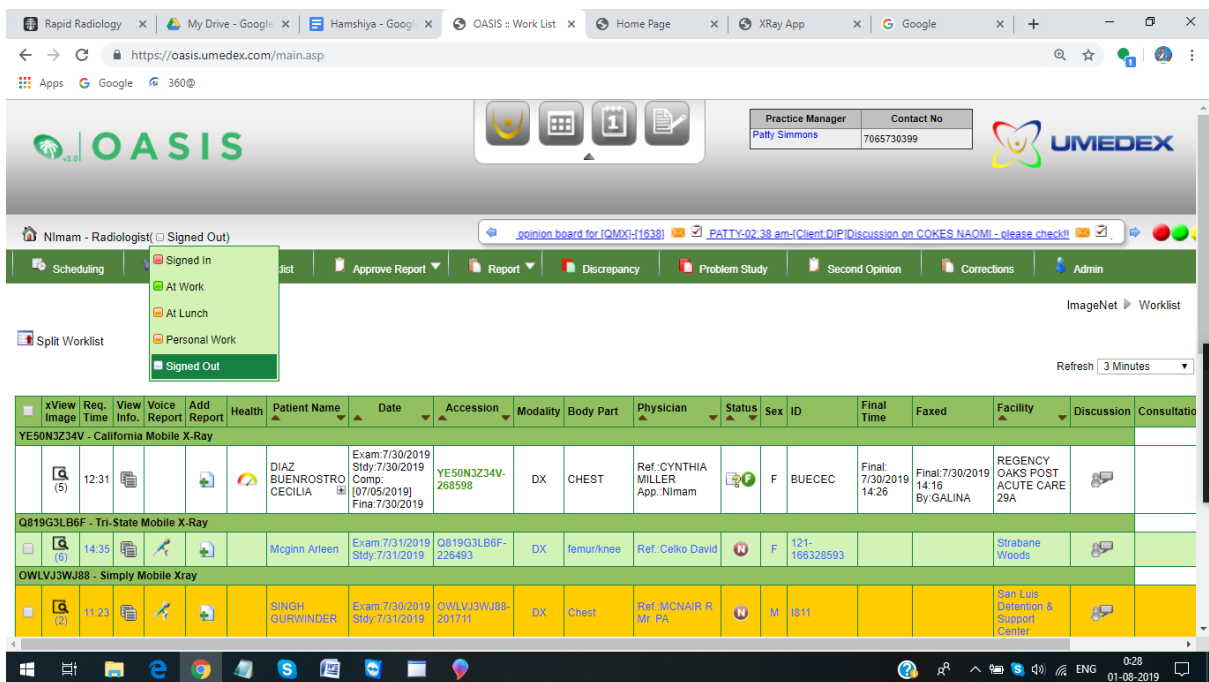

Once the report is completed - Click on **sign off** option.

Next – Message from WebRadiology “Have you answered the requested the radiological evaluation ?

Click on **OK** option.

Once done with umedex cases, **Signed out** from umedex website.

----- END -----

TEMPLATE FORMAT:

Example:

Technique: Chest, 2 views

Findings:

The cardiomediastinal silhouette is normal. Pulmonary vascularity is unremarkable. There are no focal infiltrates. The costophrenic angles are sharp with no pleural effusion. The bony mineralization is normal.

Impression:

1. No radiographic evidence of acute cardiopulmonary disease.

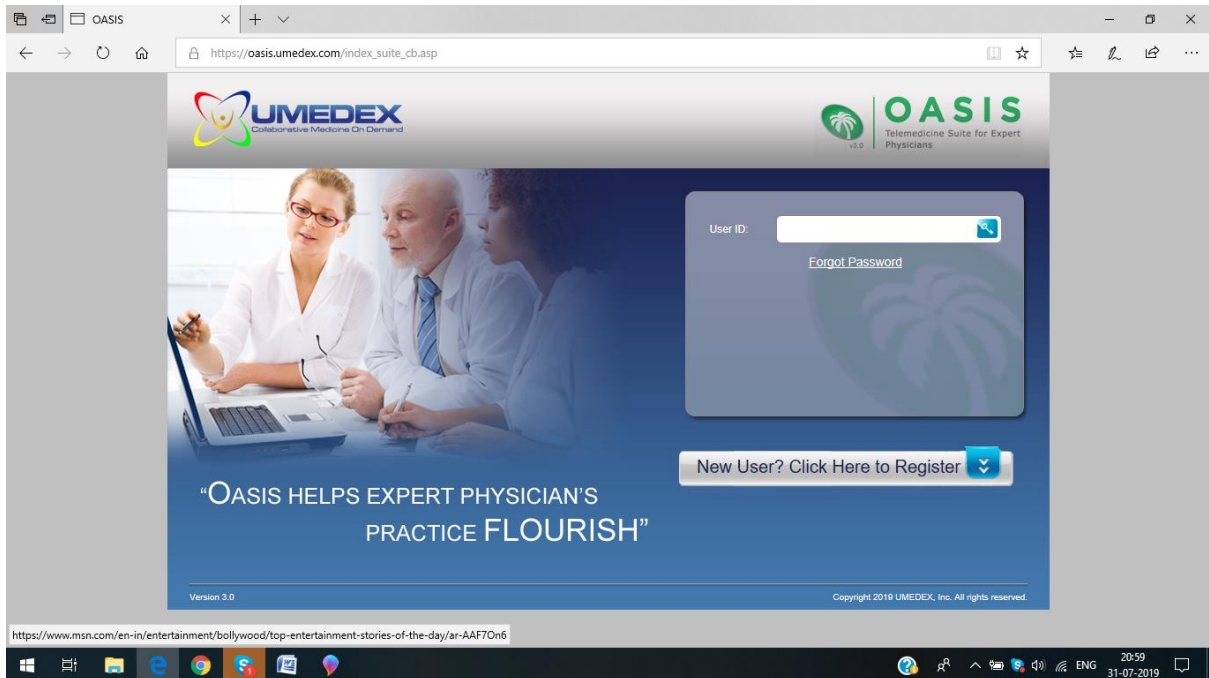

Click on **Sign off**

next pop up **"Have you answered the requested the radiological evaluation"**

Click on **"Ok"**
